COMPANY OVERVIEW

Intelyse is an established and widely-trusted provider of highly accurate, reliable, and bespoke information services and travel risk management solutions since 2008. Thousands of users benefit from our information, technology and advice to protect themselves, their organizations and their operations.

Our multi-lingual team of researchers, analysts, and regional information managers use a wide range of open source techniques combined with our network of discreet sources to provide clients with unmatched situational awareness on the ground.

Delivering hundreds of daily reports and alerts, 365 days a year, Intelyse services are trusted by logistics providers, international oil companies, NGOs, private security companies and governments from around the globe.

PAST PERFORMANCE

International Manufacturing Conglomerate 2015-Ongoing

Faced with the challenge of managing thousands of employees all over the globe, our client approached Intelyse to support their in-house security and operations managers with reports and alerts to help manage their respective countries. Intelyse provided the full suite of incident alerting services and country security reports for the Middle East and Africa with the addition of SMS and email alerts for staff in country. Our R&D team successfully integrated our reporting feed API with their internal management platform to ensure convenient access for internal teams.

International Management and Information Technology Consulting Firm, 2020

Coordinated the transport, escort, and monitoring of client personnel (20 travelers, 4 pets and baggage) from residences to the airport for evacuation. This included sourcing of drivers, route planning, journey management, arranging a chartered flight, facilitating all required documentation (including pets), and acted as liaison to drivers, security coordinators, aircrew, and multiple embassies during challenging lockdown conditions.

International Cargo and Passenger Airline 2018 – Ongoing

Continues to facilitate the safe transport of client staff throughout multiple journeys to and from the selected compound to the airport. Included implementing a security coordinator, English-speaking driver, suitable transport vehicle, route planning and 24/7 traveler monitoring from the 24/7 Global Assistance Center in Dubai, U.A.E.

WHAT OUR CLIENTS SAY

"The Intelyse service and support you provided to my team and our in-country defense staff proved invaluable. Moreover, I would like to add that the service you provided us greatly assisted our safe and effective evacuation out of the country."

Security Counsellor, Government Agency

"These reports have enabled us to make strategic decisions to enhance the safety and security of our people, our global operations and our future project acquisitions."

"The Intelyse team are extremely professional, attentive and readily available to provide assistance whenever required"

HSSE Manager, Construction

"I would like to thank you and your team for the great service you are providing and for the constant improvements to the platform."

COO, Private Security

"This has become a quick and simple way of analyzing vast amounts of data on insurgent activity and provides actionable results that can help identify trends"

Project Risk Manager, Private Security

"I want to express my organization's heartfelt thank you. In this instance (COVID-19), 36hrs from request to departure is a feat you and your organization should be proud of, rarely is this achievable in normal circumstances."

Regional Manager, Multinational Oil and Gas Solutions Provider
